

TREYNOR BASEBALL IS GROWING

Treynor Baseball Coach Bob Mantell stated he had the largest ever turnout of youth for baseball this past summer. Treynor had a Freshman team for the first time along with the Junior Varsity and Varsity teams. Mantell said his assistants were Eric Allen and Nigel Horton. Horton coached the freshmen team of mainly 8th graders that played very strong against teams of mainly 9th graders. Mantell explained the junior varsity team improved through the season and ended with about equal wins and losses. The varsity team also improved through the season ending with a better win-loss record than the previous year. Mantell stated that next year he expects the team to be better and he is very optimistic about Treynor High baseball performance over the next few years.
