

Travel and Transport

Michelle Homes, the General Manager of Travel and Transport in Omaha, spoke at the Treynor Optimist Club on January 10. Her office is on 72nd Street in Omaha, NE. She is from Glenwood.

Michelle attended Creighton University and played basketball for two years. Then she changed her area of work to the travel industry.

Travel and Transport is an employee owned business. "Everyone earns their own business." The travel business has three main areas: corporate, vacation and loyalty points. They cover airlines, cruises and rail. They host trips and help people plan independent trips.

The people at Travel and Transport get to know you so they can help you get the most out of your trip. They know most places you want to go so they can give great tips. They are part of the largest travel agency in the United States so they have pull with providers, keeping you from getting bumped or stuck at an airport. They have Virtuoso which is the top 1% of the top quality providers.

How do they earn their money? They have fees up to \$37.00 per person or \$90.00 per family. Some services have no fees. Michelle encourages insurance on trips and travel. Working with a travel agency prevents many problems but when problems do occur you have someone to call for help.

She talked about best time for cruises being September and October.
