NEXT CLUB MEETING

The next meeting of the Optimist Club of Treynor is planned Saturday morning February 14, 2003 at the Treynor Community Center. LES HARVEY has arranged for Terry Hummel to speak about local area homeland security. The meeting starts at 7:20 a.m. Invite a guest.

REPORT OF LAST CLUB MEETING

At the last Club meeting there were 21 members and two guests present. Pres. JERRY HEMPEL opened the meeting by leading the pledge. BOB HIBBARD led the devotion prayer. The attendance pot was awarded to DAN SCHNEPEL, but it was not collected. The 50/50 was awarded to CHAD GUTTAU. Again!

Anniversary greetings were offered to GERALD FORRISTALL, for which he contributed a dollar to the Youth Fund. Pres. JERRY also put in a dollar in recognition of a newspaper photo of his son, Eric.

JEFF JORGENSEN took a few lessons from the last meeting and auctioned several items for the Dues Fund. Offered were \$25 worth of car washes from Cal's Touchless Car Wash and Convenience Store of Lake Manawa, a large pizza from The Pizza Counter of Lake Manawa and Council Bluffs, and a \$20 gift certificate from the Oceans of Notions Gift Shop of Treynor.

GARY FUNKHOUSER announced the TWA activity would be tonight since the Friday basketball games were rescheduled.

LARRY KRAMER noted the District Conference was called off because of hazard travel conditions.

JOHN KLEIN suggested that the can and bottle sorting be delayed until further notice.

LES HARVEY stated that forty-three high school juniors were working on their assignment to prepare an essay for the Optimist International competition.

JOHN K. announced the Treynor City Council endorsed the park playground plan. The council with assistance by JOHN and others will apply for grants this month to cover about half the project cost. The project installation will be contingent on local fund raising efforts and a bidding process. JOHN suggested it might take a year to be completed.

Treas. MIKE ABBOTT discussed the establishment of an endowment fund for our Club. This is done through the Treynor State Bank Community Foundation. MIKE suggested a goal of \$50 thousand for the endowment fund so earned interest could be used to fund annual youth projects. MIKE also presented the idea of creating a book to record endowment contributions. Contributions could include memorials, gifts from estates, life insurance payments, and other sources. Memorials to Ed Underwood are being collected presently.

JOHN K. announced an opportunity for boys and girls through the cooperation of Pheasants Forever, Iowa Dept

P.S. Observing a light across the water, the captain had his signalman instruct the other vessel to change her course 10 degrees south.

The response was prompt: "Change your course ten degrees north."

"I am a captain," he responded testily. "Change your course ten degrees south."

The reply: "I'm a seaman first class—change your course north."

The captain was furious. "Change your course now. I'm on a battleship."

"Change your course ten degrees north, sir, --I'm a lighthouse."

of Natural Resources, and Iowa Women in Natural Resources to attend a three-day summer activity of various outdoor activities. The site of the activities will be at Springbrook Conservation Education Center near Guthrie Center, IA. JOHN indicated that Pheasants Forever would sponsor interested youth of age 12 through 15.

Pres. JERRY reminded Board members of the upcoming meeting next Saturday.

TEAM COAST GUARD

Ron and Pauline Longnecker of Treynor have volunteered with the Coast Guard Auxiliary nearly 18-yr. They are among 150 Auxiliary members in the Omaha region. Pauline explained the Auxiliary is an important arm of the US Coast Guard and is now part of the Homeland Security mission. This means volunteers have increased opportunity and responsibility to observe and report unusual and suspicious activity particularly on the Missouri River. Auxiliary volunteers work closely with law enforcement agencies and fire departments on the river, especially with search and rescue, river patrols, water safety, safe boating, and education of the public engaged in water based activities. As Auxiliary Operations Officer, Pauline is responsible for scheduling river patrols throughout the boating season. This also means she and Ron are on call all the time for emergencies so that the proper response groups can be called to the scene of the reported problems. Ron noted that there is a lot of planning underway for the Lewis and Clark reenactment activities on the Missouri River this summer. There might be 50 thousand additional people and four hundred boats in the area because of the celebration. The Coast Guard Auxiliary and many local agencies are cooperating to make it a safe and enjoyable experience in this region during the four weeks of celebration from the middle of July to the middle of August.

CALENDAR

Feb. Can Collections for Optimist Contributions to Youth Activities
Feb. 14 Club meeting, program by Terry Hummel on local Homeland Security issues.

Board meeting after Club meeting.
