

**Treynor Mayor**

Bryce Poland, the Treynor Mayor, spoke at the Treynor Optimist Club on July 27. This is his second year as mayor.

The city has recently completed the Community Center parking lot. They found a new internet provider who will install fiber and wireless. The Veterans monument

sod will be completed in the fall. The North Eyberg water project has also completed.

There was a discussion about the internet for Treynor. The new provider was needed because, when there is no school, the internet becomes really slow in town. The bank was also looking at alternatives for getting the speed they needed for normal operations.

The Rose restaurant closed a week ago. The city will look at opportunities to utilize that space in town.

There are two open slots for city council. Bryce asked for people to run for city council.

**Meeting Minutes**

Ken Graham opened the meeting on July 27. Gary Funkhouser and Bill Vorthmann provided jokes. Ken Graham provided trivia-In 1946, what

A public school teacher was arrested today at John F. Kennedy International Airport as he attempted to board a flight while in possession of a ruler, a protractor, a compass, a slide-rule and a calculator. At a morning press conference, Attorney General Eric Holder said he believes the man is a member of the notorious Al-Gebra movement. He did not identify the man, who has been charged by the FBI with carrying weapons of math instruction. 'Al-Gebra is a problem for us', the Attorney General said. 'They derive solutions by means and extremes, and sometimes go off on tangents in search of absolute values.' They use secret code names like 'X' and 'Y' and refer to themselves as 'unknowns', but we have determined that they belong to a common denominator of the axis of medieval with coordinates in every country. As the Greek philanderer Isosceles used to say, 'There are 3 sides to every triangle'. When asked to comment on the arrest, President Obama said, 'If God had wanted us to have better weapons of math instruction, he would have given us more fingers and toes.' White House aides told reporters they could not recall a more intelligent or profound statement by the President. It is believed that the Nobel Prize for Physics will follow...
