Treynor Fire & Rescue

Russ McGuire spoke at the Treynor Optimist Club on February 14. He started as the Fire Chief in 1994 or 1995 and has been reelected every two years since.

Volunteer fire departments have been in the news a lot lately. The

Treynor fire department is different than other fire departments in the area because it has its own funding, mainly through tax levies. Other volunteer fire departments operate under city funding.

The fire department has 26 volunteers. Ten are EMTs, 4 are paramedics, and 24 volunteers are firefighter certified.

When taking a patient to a hospital, medical direction says they have to go to the nearest hospital. They will ask the patient if they want to go to Jenny Edmundson or Mercy Hospital.

Total revenue for the fire department is about \$144,000. \$82,000 is from tax levies, \$21,000 from fundraisers and donations, \$15,000 from EMS billings, \$6,000 from memorials, and \$10,000 from grants.

The fire department building was built with a 40 year loan for \$440,000. They pay \$21,000 per year toward that loan. Equipment costs \$20,000-\$30,000 per year. Tanker costs are \$14,000 per year, insurance another \$14,000, and parts and fuel \$7500. Utilities are \$8000 and they have spent \$36,000 the past three years to get three-quarters of the parking lot paved. To offset some expenses for volunteers, they get a stipend of \$20 per call.

Little Bobby was spending the weekend with his grandmother after a particularly trying week in kindergarten. His grandmother decided to take him to the park on Saturday morning. It had been snowing all night and everything was beautiful.

His grandmother remarked..."doesn't it look like an artist painted this scenery? Did you know God painted this just for you?"

Bobby said, "Yes, God did it and he did it left handed."

This confused his grandmother a bit, and she asked him "What makes you say God did this with his left hand?"

"Well," said Bobby, "we learned at Sunday School last week that Jesus sits on God's right hand!"
