Vol. 38, No.23

Joe Chapman, Treynor Girls Basketball

The speaker this week was Joe Chapman. This will be his 6th year coaching girls' basketball. Last season they went 21-3 and lost to Underwood, which he doesn't want to happen again.

1995 was the first year of girl's 5 on 5 basketball, so current records relate to that start date. Last year the team was 10th for all time in blocks per game. They were 2nd in the state in points allowed per game, with 29.

Joe likes to focus on defense. For offense you can be on or off any one week, but you can control your defense and be consistent.

Ella Tiarks, a sophomore last year, led the team with 7 blocks in one game. Clara Teigland scored the most points in one game with 31. The record is still held by Katie (McGuire) Campbell with 36. Clara Teigland, a junior last year, is 10th in scoring at Treynor with 848 points. She is 8th in steals.

Treynor had 15 girls playing last year and two seniors graduated. This next year they should have 24 with two seniors. They will have a lot of depth this year. Of the 24 players, about 20 play volleyball and 4 run cross country. Three play club basketball.

Girls' basketball will have a 35 second shot clock this year. Some people think that will result in more full court presses. There could be issues on people running the shot clock.

Joe said summer is a key toward player development. During the season there isn't time to help individual players on developing better skills.

Joe likes doing pit drills. He said it takes 15 players to do them effectively. Last year they

struggled doing the drills with only 15 players on the roster.

The top competitors this coming year will be Underwood again and Logan-Magnolia. Underwood only lost one player and Logan-Magnolia didn't lose any. Avoca, St. Albert, and Harlan will also be good.

There are three coaches for Jr. High basketball and they have good participation.

This is Joe Chapman's third year with the Cattle Drive truck. They are doing a lot more catering and special occasions. All the meat still comes from Rustic Cuts.

Thanks to Dale Willenborg for speaker notes and Dee Gutttau for her photo and notes contribution.
